## COMMENTS FROM THE TOWN MANAGER'S OFFICE

Part of the highway crew has been working for the state on the state aid road on Route 35. The rest of the crew has been repairing a very rough section of road on the West Bethel Flat Road. The section of road is only a couple of hundred feet long but it is very rough. It was originally constructed of corduroy over a swampy section of road as rough as a washboard. The logs and mud are being excavated to a depth of about three feet. The road base will then be filled with gravel.

The tax bills were mailed out Friday and tax payments through Tuesday afternoon of this week totaled \$10,032.32. The early payments should continue through this week and then the rate of payment will slow down for a while. Most of the same ones are the early taxpayers each year. A few are dropped and a few are added but the bulk of the early ones remains the same.

I might mention as I do each year that taxes can be paid in installments. A lot of people find it hard to accumulate enough to pay their taxes in a lump sum. If anyone wishes to make payments, either regular or at their convenience, they may do it by mail or in person at the town office. They will be credited with any amount that they wish to pay.

I would also like to request people who have questions about their tax bills to get them answered now rather than the last week of December. It is much easier to check the questions out and make necessary corrections now than it is the last couple of weeks of the year.

If the wren can cling  
 To a spray-awing  
 In the mad May Wind,  
 And sing and sing,

### AREA TIMBER OWNERS HAVING TREES SPRAYED FROM THE AIR

Several Oxford County tree farmers are applying modern methods of controlling weed hardwoods. 300 acres of carefully selected woodland were scheduled to receive a small amount of concentrated herbicide applied by helicopter last week.

H. Chadbourne Co., Bethel, 90; C. W. Hersey, Rumford Center, 30; Joe Bovin, Rumford, 30; Anthony Povelio, Rumford, 15; Stuart Cooper, Sumner, 60. Several of them are Certified Maine Tree Farmers.

Dear friends,

Here is a quotation from Gladstone which deserves to be republished:

"Show me the manner in which a nation or community cares for its dead, and I will measure with mathematical exactness the tender sympathies of its people, their respect for the laws of their land, and their loyalty to high ideals."

Under that test, America should stand high." Respectfully,
